

Benefits & What's Included

By symbolically adopting one of Orana's animals you're helping to support our important conservation work. Your donation also helps with the cost of food, veterinary care, breeding programmes and maintenance of the animal habitats.

Orana is a charitable trust, therefore the support we receive through animal adoptions makes a real difference in helping with the costs of caring for our animals.

As well as assisting the Park in our conservation efforts you will receive:

- A certificate of your adoption.
- A letter about your chosen species.
- Park entrance passes (the number is dependent of the adoption level).
- Acknowledgement on our website.
- Platinum and Diamond adopters receive a plaque which is shown on our adopters board for 12 months.
